Profile

Motivated, ambitious, fashion and business-oriented student studying in Milan with the aspirations of joining the fast-paced world of fashion. I have had a knack for fashion and art since I was 15 years old. And at the age of 21, I developed a love for writing about art and fashion. I seek to contribute my skills and artistically gifted aesthetic to assist in creating innovative art and fashion.

I am currently in Milan learning about Art, working on a blog dedicated to Art, Culture, and Travel, finessing my fashion portfolio website & using my Photoshop and Illustrator skills to create fashion editorial content.
